Art. 94019x ECO Pre/assembled kit for clamps with universal anchor

ECO Kit

Technical specifications and advantages

- ECO Pre-assembled kit composed of no. 1 hanger bolt, no. 1 anchor in grey HDPE, no. 1 nut
- Hanger bolt with torx for use with screwdriver
- The hexagonal part allows for fine adjustment
- High performance universal anchor on hollow bricks
- No waste of fastening kits
- Supplied in reusable cardboard boxes, with no single use plastic in the packaging
- For a 100% green fixing solution, attach our Cpiù or CIPO clamps with the ECO Kit - the collars are pre-assembled, for quicker installation and ZERO plastic waste in the packaging
