

## Art. 548 Pipe clamp with rubber for PP-PVC-PE pipes

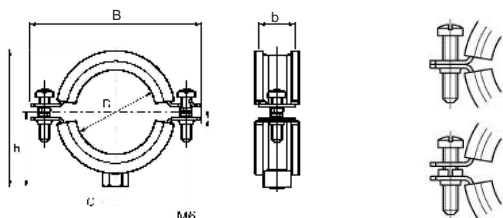

### Specifications and advantages

- Pre-assembled
- Material: steel
- Galvanised
- Noise insulation according to DIN 4109
- Patented locking system
- Green EPDM rubber without plasticisers
- Removable plastic spacers
- Ideal for all plastic pipes
- The internal part of the rubber fixing rail, in contact with the pipe, is smooth to facilitate the sliding of the pipe
- EPDM rubber resistant to ageing

Code	D [mm]	G	B [mm]	H [mm]	h [mm]	b x s [mm]	Payload [N]
548018	16	M8	48	40	22	20x1,00	350
548023	20	M8	55	43	23	20x1,00	350
