

Art. 722 Profile PAL

Technical features and advantages

- PAL is the profile with lateral wings for fixing solar panels
- Profile dimensions: 80x35x1.8
- Material: aluminum
- For coplanar applications on roofs
- For direct fixing to the roof
- Non-perforated profile
- Possibility to apply the PAL profile in continuous or discontinuous mode
- When used in continuous mode, it is possible to use connectors to reach the desired length
- Profile guide 41, therefore compatible with all CorSTRUT components

Code	Width [mm]	Length [mm]	Height [mm]	s [mm]	Profil [mm]
7220400	80	400	35	1,8	41
7221250	80	1250	35	1,8	41
