

**Art. 8650012 Bracing for seismic hinge**

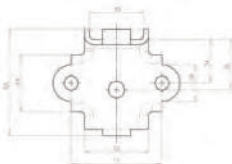

**Technical characteristics and advantages**

- Bracings for seismic hinge connection
- Suitable for all types of CorSTRUT fixing
- Made of S235JR steel
- Galvanized

Code	Threaded [mm]
<b>8650012</b>	<b>4</b>

**Art. 8659090 Seismic reinforced connector**

**Technical characteristics and advantages**

- Angle bracket with reinforcements for seismic applications
- S235JR steel
- Galvanized

Code	Threaded [mm]
<b>8659090</b>	<b>4</b>
