

Art. 8078 Corh bracket with quick release for viaducts

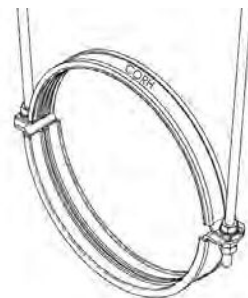

new

Technical specifications and advantages

- Made of AISI 304 stainless steel
- Available in AISI 316
- Rounded edges, no sharp edges
- Circular for perfect pipe clamp coupling
- Clamps with different thicknesses to ensure simpler, faster and safer clamping
- Upper clamp with smart closure
- Ideal for applications on bridges, viaducts and aqueducts
- Available with or without pre-assembled rubber
- The thicknesses and widths of the strips are defined according to the design requirements
- Other diameters available on request
